## Physician Data Query

RRID:SCR\_006833

Type: Tool

### Proper Citation

Physician Data Query (RRID:SCR\_006833)

### Resource Information

**URL:** <http://cancer.gov/cancertopics/pdq/cancerdatabase>

**Proper Citation:** Physician Data Query (RRID:SCR\_006833)

**Description:** NCI's comprehensive cancer database that contains summaries on a wide range of cancer topics; a registry of 8,000+ open and 19,000+ closed cancer clinical trials from around the world; a directory of professionals who provide genetics services; the NCI Dictionary of Cancer Terms, with definitions for 6,800+ cancer and medical terms; and the NCI Drug Dictionary, which has information on 2,300+ agents used in the treatment of cancer or cancer-related conditions. The PDQ cancer information summaries are peer reviewed and updated monthly by six editorial boards comprised of specialists in adult treatment, pediatric treatment, supportive care, screening and prevention, genetics, and complementary and alternative medicine. The Boards review current literature from more than 70 biomedical journals, evaluate its relevance, and synthesize it into clear summaries. Many of the summaries are also available in Spanish.

**Abbreviations:** PDQ
