Proper Citation: Vision Public Information Network (RRID:SCR_007340)

Description: The National Eye Institute (NEI) created the VISION Public Information Network for the purpose of communicating with public information officers at NEI grantee institutions. The Network's primary mission is to work with the NEI in disseminating research results to the national and local media. The Network also works to inform the public of the mission of the National Institutes of Health (NIH) to improve the health of America through medical research. The NEI is part of the NIH, U.S. Department of Health and Human Services (DHHS). General information portal for eye and vision related resources for the public. Sponsors: This resource is supported by the National Eye Institute.
