# **Homophila**

RRID:SCR\_007717

Type: Tool

### **Proper Citation**

Homophila (RRID:SCR\_007717)

#### Resource Information

URL: http://superfly.ucsd.edu/

**Proper Citation:** Homophila (RRID:SCR\_007717)

**Description:** THIS RESOURCE IS NO LONGER IN SERVICE, documented on June 23, 2013. Homophila utilizes the sequence information of human disease genes from the NCBI OMIM (Online Mendelian Inheritance in Man) database in order to determine if sequence homologs of these genes exist in the current Drosophila sequence database (FlyBase). Sequences are compared using NCBI's BLAST program. The database is updated weekly and can be searched by human disease, gene name, OMIM number, title, subtitle and/or allelic variant descriptions.

Synonyms: Human disease to drosophila database

Resource Type: database, data or information resource

Defining Citation: PMID:11752278, PMID:11381037

**Keywords:** homolog, human disease, human disease gene, human, gene, cognate

**Funding:** NCRR P 41 RR08605-06

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Homophila

Resource ID: SCR\_007717

**Alternate IDs:** nif-0000-02976

**Record Creation Time:** 20220129T080243+0000

**Record Last Update:** 20250517T055837+0000

### Ratings and Alerts

No rating or validation information has been found for Homophila.

No alerts have been found for Homophila.
