PhylomeDB

RRID:SCR_007850

Type: Tool

Proper Citation

PhylomeDB (RRID:SCR_007850)

Resource Information

URL: <http://phylomedb.bioinfo.cipf.es>

Proper Citation: PhylomeDB (RRID:SCR_007850)

Description: Database for phylomes, that is, complete collections of phylogenetic trees for all proteins encoded in a given genome. It aims at providing a repository of high-quality phylogenies and alignments for proteins encoded in model species. To derive a phylome, each protein encoded in a given genome is used as a seed to retrieve its homologs in other complete genomes. These sequences are aligned and processed to derive reliable phylogenies using several phylogenetic methods. Besides providing the evolutionary history of the gene families, phylomeDB includes phylogeny based predictions of orthology and paralogy relationships., THIS RESOURCE IS NO LONGER IN SERVICE.
Documented on September 16,2025.

Synonyms: PhylomeDB

Resource Type: data or information resource, database

Defining Citation: [PMID:17962297](#), [PMID:21075798](#), [PMID:24275491](#)

Keywords: Genome-wide collections, gene phylogenies, phylogenetic trees collection, proteins encoded, genome, bio.tools, FASEB list

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: PhylomeDB

Resource ID: SCR_007850

Alternate IDs: nif-0000-03281, biotools:PhylomeDb

Alternate URLs: <https://bio.tools/PhylomeDB>

Record Creation Time: 20220129T080244+0000

Ratings and Alerts

No rating or validation information has been found for PhylomeDB.

No alerts have been found for PhylomeDB.
