Proper Citation: Aging Intervention Foundation (RRID:SCR_008288)

Description: A 501(c)(3) non-profit organization that gives out grants created to develop new therapies to control and reverse the causes of aging, as well as treat and prevent the diseases of aging. The goal is to eventually control the processes of aging, reverse their effects, and stay younger longer and ultimately create indefinite youthful, happy and productive lifespan using innovative scientific methods that are under development today in biotech companies and research labs around the world. The foundation also offers education on what we can do now to stay younger, live longer and be happier while new therapies are being developed.
