Proper Citation: CHB Computed Tomography Core Imaging Facilities (RRID:SCR_009710)

Description: Computed Tomography (CT) at Children's Hospital Boston helps doctors quickly answer urgent questions about your child's health. In just seconds or minutes, CT scans can produce incredibly detailed, three-dimensional images of your child's bone, tissue and blood vessels. CT exams in our powerful multi-detector scanners are quick, painless and non-invasive. Located at two locations: Boston and Waltham. Should be contacted about scanner technology, image acquisition, etc., but not for actual access to the facility.

Resource Type: access service resource, core facility, service resource

Resource Name: CHB Computed Tomography Core Imaging Facilities
