Description: THIS RESOURCE IS NO LONGER IN SERVICE, documented September 6, 2016. This wiki focuses on the process, techniques and tools of high quality searching in the context of evidence-based health care. Information collected in the wiki is primarily intended for medical librarians, but may be of interest to others. Please keep in mind that search strategies and tools here are intended for use by trained professionals in the course of their professional duties, and are not intended for use by the general public. If they are helpful or useful to others that is a plus, but not the primary purpose of the site.
