Proper Citation: Cornell University College of Veterinary Medicine (RRID:SCR_011131)

Description: Cornell University's College of Veterinary Medicine's strength as a leader in veterinary medical education, animal medicine, biomedical research and public health springs from the aggregate strengths of its departments and programs; the achievements of its faculty, alumni, and students; and its commitment to diversity and inclusiveness. At the Cornell College of Veterinary Medicine, basic scientific research meets the clinical and research demands of human and animal health. Consistently ranked among the top veterinary colleges in the country, the College is also a leader in biomedical research. The Biological & Biomedical Sciences Graduate Program fosters an atmosphere of collaboration, focusing on the interface between scientific research and clinical practice as well as a commitment to animal and human health. Graduate students contribute to this pursuit through their PhD research projects and continue to impact the world in their post graduate careers in academia, government and business.
