Proper Citation: Peter Mac Translational Research Laboratory (RRID:SCR_012198)

Description: THIS RESOURCE IS NO LONGER IN SERVICE. Documented on April 19,2024. Translational Research Laboratory at the Peter MacCallum Cancer Centre offers oncology focused, small animal PET imaging services to both academic and commercial investigators. Using the wide range of mouse models of cancer available at Peter Mac, experiments are tailored to investigators needs and performed in state of the art facilities. Infrastructure available includes 2 Philips Mosaic PET scanners, on-site radiotracer production, fully trained imaging staff and a dedicated animal facility. Digital autoradiography using the Biospace Betalimager and MicroImager allows high resolution ex-vivo imaging of labelled compounds in whole animal or tissue sections. The VisualSonics Vevo 770 small animal ultrasound is available for detection and monitoring of in vivo tumor growth. Ex-vivo correlative biomarker studies are also available.

Abbreviations: Peter Mac Translational Research Laboratory

Synonyms: Peter MacCallum Cancer Centre Translational Research Laboratory

Resource Type: service resource, core facility, access service resource

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Peter Mac Translational Research Laboratory

Resource ID: SCR_012198

Alternate IDs: SciEx_10460
