University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility

RRID:SCR_012539

Type: Tool

Proper Citation

University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility
(RRID:SCR_012539)

Resource Information

URL: <https://www.unmc.edu/vcr/cores/vcr-cores/mspcf/index.html>

Proper Citation: University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility (RRID:SCR_012539)

Description: MSPCF maintains and uses equipment for protein separation and imaging, as well as for sample preparation for mass spectrometry analysis. Offers range of bioinformatics tools for data mining and evaluation. Services include Protein Identification, Protein Interactome Analysis, Protein Post-translational Modifications, Quantitative Mass Spectrometry, Molecular Weight determination.

Abbreviations: MSPCF

Synonyms: UNMC MSPCF, University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility, UNMC Mass Spectrometry and Proteomics Core Facility

Resource Type: access service resource, core facility, service resource

Keywords: ABRF, USEDit, protein separation and imaging, sample preparation, mass spectrometry analysis,

Resource Name: University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility

Resource ID: SCR_012539

Alternate IDs: SciEx_452, ABRF_219

Alternate URLs: <https://coremarketplace.org/?FacilityID=219&citation=1>,
<http://www.scienceexchange.com/facilities/mass-spectrometry-and-proteomics-core-facility>

Record Creation Time: 20220129T080310+0000

Record Last Update: 20260905T133356+0000

Ratings and Alerts

No rating or validation information has been found for University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility.

No alerts have been found for University of Nebraska Medical Center Mass Spectrometry and Proteomics Core Facility.
