ARP.GEE

RRID:SCR_013134

Type: Tool

Proper Citation

ARP.GEE (RRID:SCR_013134)

Resource Information

URL: http://mayoresearch.mayo.edu/mayo/research/schaid_lab/software.cfm

Proper Citation: ARP.GEE (RRID:SCR_013134)

Description: THIS RESOURCE IS NO LONGER IN SERVICE. Documented on May 24, 2023. Software application that simultaneously estimates a trait-locus position and its genetic effects for affected relative pairs (ARP) by one of two methods. Either allow a different trait-locus effect for each ARP type, or constrain the trait-locus effects according to the marginal effect of a single susceptibility locus. We include a goodness of fit statistic for the constrained model. (entry from Genetic Analysis Software)

Synonyms: R/ARP.GEE

Resource Type: software application, software resource

Keywords: gene, genetic, genomic, r/s-plus

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: ARP.GEE

Resource ID: SCR_013134

Alternate IDs: nlx_154206, nlx_154232, SCR_009108

Record Creation Time: 20220129T080314+0000

Record Last Update: 20260805T044308+0000

Ratings and Alerts

No rating or validation information has been found for ARP.GEE.

No alerts have been found for ARP.GEE.
