Proper Citation: CARDinal Plane VIEWing System (RRID:SCR_013422)

Description: THIS RESOURCE IS NO LONGER IN SERVICE. Documented on June 1, 2023. Cardviews is a CARDinal plane VIEWing System developed at the Center for Morphometric Analysis at the Massachusetts General Hospital. It is a tool for brain morphometry (including volumetric analysis using xvol) and this program emerged as a product of our methodological development. While some of its functionality is specifically tailored for our general segmentation and neocortical parcellation routines, the imaging interface, segmentation tools, and localization capacity have utility extending beyond the specific aims motivating its initial conception. :

Synonyms: Cardviews

Resource Type: data processing software, image processing software, software application, software resource

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: CARDinal Plane VIEWing System

Resource ID: SCR_013422

Alternate IDs: nif-0000-00278

Record Creation Time: 20220129T080316+0000

Record Last Update: 20260905T132735+0000

Ratings and Alerts

No rating or validation information has been found for CARDinal Plane VIEWing System.

No alerts have been found for CARDinal Plane VIEWing System.
