Proper Citation: Global Research in Paediatrics (GRIP) (RRID:SCR_013707)

Description: The Global Research in Paediatrics (GRiP) consortium focuses on the lack of appropriate testing of pediatric drugs. In particular, most pediatric medications having inadequate information about dosing regimen, dose adjustment and administration. GRiP partners are working to build and maintain an infrastructure matrix, which has the core aim of reducing the current fragmentation of the efforts to study and develop the use of medicine in children. By linking the existing pediatric research networks, GRIP will involve more than 1000 institutions worldwide.

Abbreviations: GRIP

Resource Type: organization portal, portal, data or information resource, consortium

Keywords: drug development, basic research, pediatrics, paediatrics, research networks

Funding: European Union FP7-HEALTH

Resource Name: Global Research in Paediatrics (GRIP)

Resource ID: SCR_013707

Record Creation Time: 20220129T080317+0000

Record Last Update: 20260810T040619+0000

Ratings and Alerts

No rating or validation information has been found for Global Research in Paediatrics (GRIP).

No alerts have been found for Global Research in Paediatrics (GRIP).
