Proper Citation: GPCR Network (RRID:SCR_014286)

Description: A protein family specific platform that works closely with the GPCR community to determine the high resolution structure and function of GPCRs. Structures are available in the glutamate, secretin, frizzled/TAS2, adhesion, and rhodopsin branches of the protein phylogenetic tree. Users can access a list of protein structure targets and completed protein structures.

Resource Type: data or information resource, data repository, database, portal, project portal, service resource, storage service resource

Defining Citation: [PMID:23237917](#)

Keywords: protein family structure platform, high resolution structure, gprc, function, glutamate, secretin, frizzled/TAS2, adhesion, rhodopsin, protein

Availability: Public, Open data

Resource Name: GPCR Network

Resource ID: SCR_014286

Record Creation Time: 20220129T080319+0000

Record Last Update: 20260919T195254+0000

Ratings and Alerts

No rating or validation information has been found for GPCR Network.
