Med Associates Video Freeze Software

RRID:SCR_014574

Type: Tool

Proper Citation

Med Associates Video Freeze Software (RRID:SCR_014574)

Resource Information

URL: <http://www.med-associates.com/product-category/video-software/>

Proper Citation: Med Associates Video Freeze Software (RRID:SCR_014574)

Description: Automation software used to analyze fear behavior in rodents. Freezing is represented in the data file in several different ways, including the total time the subject spends motionless during the session, the percent of time motionless, the number of freezing episodes or occurrences, or as an average index of motion.

Resource Type: data acquisition software, software resource, software application, data processing software

Keywords: rodent, freeze, fear, data acquisition, data acquisition software

Availability: Commercial

Resource Name: Med Associates Video Freeze Software

Resource ID: SCR_014574

Record Creation Time: 20220129T080321+0000

Record Last Update: 20260804T043532+0000

Ratings and Alerts

No rating or validation information has been found for Med Associates Video Freeze Software.

No alerts have been found for Med Associates Video Freeze Software.

Data and Source Information

Usage and Citation Metrics

We found 68 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .
