Proper Citation: HBio: Multichannel Systems: MEA2100 System (RRID:SCR_014809)

Description: In vitro recording system for electrophysiology research with integrated amplifier and stimulus generator, temperature control, and the option for real-time signal detection and feedback. The system can record up to 4 MEAs in parallel at a sampling rate of 50 kHz per channel.

Resource Type: instrument resource

Keywords: micro electrode array, mea, in vitro, electrophysiology, recording system, instrument, equipment

Availability: Commercially available

Specification URL: https://drive.google.com/file/d/1UiKZOj_UfxrLyB3ZH5ufOv7mURG_I-up/view?usp=drivesdk

Resource Name: HBio: Multichannel Systems: MEA2100 System

Resource ID: SCR_014809

Alternate URLs:

https://www.multichannelsystems.com/sites/multichannelsystems.com/files/documents/manuals/MCS_System_Manual.pdf

Record Creation Time: 20220129T080322+0000

Record Last Update: 20260801T190508+0000

Ratings and Alerts

No rating or validation information has been found for HBio: Multichannel Systems: MEA2100 System.

No alerts have been found for HBio: Multichannel Systems: MEA2100 System.
