Drug Target Ontology

RRID:SCR_015581

Type: Tool

Proper Citation

Drug Target Ontology (RRID:SCR_015581)

Resource Information

URL: <http://drugtargetontology.org/>

Proper Citation: Drug Target Ontology (RRID:SCR_015581)

Description: Ontology of drug targets to be used as a reference for drug targets, with the longer-term goal of creating a community standard that will facilitate the integration of diverse drug discovery information from numerous heterogeneous resources. The project itself aims to develop a novel semantic framework to formalize knowledge about drug targets with a focus on the current IDG protein families.

Abbreviations: DTO

Synonyms: Drug Target Ontology (DTO)

Resource Type: controlled vocabulary, data or information resource, ontology

Keywords: drug ontology, drug target ontology, protein family

Funding: NCI U54CA189205;
