Proper Citation: Biostrings (RRID:SCR_016949)

Description: Software package for efficient manipulation of biological strings. Memory efficient string containers, string matching algorithms, and other utilities, for fast manipulation of large biological sequences or sets of sequences.

Resource Type: data analysis software, data processing software, sequence analysis software, software application, software resource

Keywords: manipulation, biological, string, memory, efficient, container, sequence, set, DNA, RNA, protein

Availability: Free, Available for download, Freely available

Resource Name: Biostrings

Resource ID: SCR_016949
