HomoplasyFinder

RRID:SCR_017300

Type: Tool

Proper Citation

HomoplasyFinder (RRID:SCR_017300)

Resource Information

URL: <https://github.com/JosephCrispell/homoplasyFinder/wiki>

Proper Citation: HomoplasyFinder (RRID:SCR_017300)

Description: Software tool to identify and annotate homoplasies on phylogeny and sequence alignment. Used to automatically identify any homoplasies present in simulated and real phylogenetic data. Java application that can be used as standalone tool or within statistical programming environment R.

Resource Type: data processing software, software application, data analysis software, software toolkit, standalone software, software resource

Defining Citation: [PMID:30663960](#)

Keywords: homoplasy, phylogeny, sequence, alignment, identify, data, annotate

Funding: Science Foundation Ireland

Availability: Free, Available for download, Freely available

Resource Name: HomoplasyFinder

Resource ID: SCR_017300

Alternate URLs: <https://github.com/JosephCrispell/homoplasyFinder>

License: GPL v3

Record Creation Time: 20220129T080334+0000

Record Last Update: 20260806T054653+0000

Ratings and Alerts

No rating or validation information has been found for HomoplasyFinder.

No alerts have been found for HomoplasyFinder.
