BERT

RRID:SCR_018008

Type: Tool

Proper Citation

BERT (RRID:SCR_018008)

Resource Information

URL: <https://github.com/google-research/bert>

Proper Citation: BERT (RRID:SCR_018008)

Description: Technique for Natural Language Processing pre-training developed by Google. Pre-training of Deep Bidirectional Transformers for Language Understanding. Language representation model designed to pre-train deep bidirectional representations from unlabeled text by jointly conditioning on both left and right context in all layers.

Abbreviations: BERT

Synonyms: Bidirectional Encoder Representations from Transformers

Resource Type: software resource, software application

Keywords: text mining, natural language processing, pre-training, Google, deep bidirectional transformers, language understanding, unlabeled text, language representation model

Availability: Free, Available for download, Freely available

Resource Name: BERT

Resource ID: SCR_018008

License: Apache License 2.0

Record Creation Time: 20220129T080338+0000

Record Last Update: 20260801T191109+0000

Ratings and Alerts

No rating or validation information has been found for BERT.

No alerts have been found for BERT.
