LTRharvest

RRID:SCR_018970

Type: Tool

Proper Citation

LTRharvest (RRID:SCR_018970)

Resource Information

URL: <http://genometools.org/>

Proper Citation: LTRharvest (RRID:SCR_018970)

Description: Software tool for de novo detection of full length LTR retrotransposons in large sequence sets. Delivers high quality annotations based on known LTR transposon features like length, distance, and sequence motifs.

Resource Type: data analysis software, software application, software resource, data processing software, simulation software

Defining Citation: [PMID:18194517](#)

Keywords: De novo detection, full length LTR retrotransposons, retrotransposon, large sequence, annotation, sequence length, sequence distance, sequence motif

Resource Name: LTRharvest

Resource ID: SCR_018970

Alternate URLs: <https://www.zbh.uni-hamburg.de/en/forschung/gi/software/ltrharvest.html>

License: BSD-like open source licences

Record Creation Time: 20220129T080342+0000

Record Last Update: 20260801T190627+0000

Ratings and Alerts

No rating or validation information has been found for LTRharvest.

No alerts have been found for LTRharvest.
