Gene Skyline

RRID:SCR_019014

Type: Tool

Proper Citation

Gene Skyline (RRID:SCR_019014)

Resource Information

URL: <http://rstats.immgen.org/Skyline/skyline.html>

Proper Citation: Gene Skyline (RRID:SCR_019014)

Description: Browser for general overview of expression profiles for RNA-seq data. Presents expression profiles of selected gene in chosen group of cell types, in either microarray or ULI RNA-seq data.

Resource Type: web service, data access protocol, data or information resource, software resource

Keywords: Expression profiles overview, RNAseq data, gene, microarray data, ULI RNAseq data, Immunological Genome Project

Availability: Free, Freely available

Resource Name: Gene Skyline

Resource ID: SCR_019014

Record Creation Time: 20220129T080343+0000

Record Last Update: 20260807T042930+0000

Ratings and Alerts

No rating or validation information has been found for Gene Skyline.

No alerts have been found for Gene Skyline.

Data and Source Information

Usage and Citation Metrics

We found 37 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .

Kiran A, et al. (2026) Macrophages self-generate and refine chemotactic gradients during migration towards complement C5a. *PLoS biology*, 24(4), e3003728.

Bedi A, et al. (2025) The tropomyosin 3.1/3.2 inhibitor ATM-3507 alters B-cell actin dynamics and impairs the growth and motility of diffuse large B-cell lymphoma cell lines. *Frontiers in immunology*, 16, 1668379.

Alonso R, et al. (2025) Reprogramming RIPK3-induced cell death in malignant B cells promotes immune-mediated tumor control. *Science advances*, 11(33), eadv0871.

Estrada MD, et al. (2025) Transcriptional regulation of Ligase IV by an intronic regulatory element directs thymocyte development. *Genes and immunity*, 26(5), 509.

Dong H, et al. (2025) DSTYK phosphorylates STING at late endosomes to promote STING signaling. *EMBO reports*, 26(6), 1620.

Estrada MD, et al. (2025) Transcriptional regulation of the non-homologous end joining gene Ligase IV by an intronic regulatory element directs thymocyte development. *Research square*.

Samper N, et al. (2024) Kir6.1, a component of an ATP-sensitive potassium channel, regulates natural killer cell development. *Frontiers in immunology*, 15, 1490250.

Davies SP, et al. (2024) Expression of E-cadherin by CD8+ T cells promotes their invasion into biliary epithelial cells. *Nature communications*, 15(1), 853.

L'homme L, et al. (2024) Adipose tissue macrophage infiltration and hepatocyte stress increase GDF-15 throughout development of obesity to MASH. *Nature communications*, 15(1), 7173.

Ni H, et al. (2024) Cyclical palmitoylation regulates TLR9 signalling and systemic autoimmunity in mice. *Nature communications*, 15(1), 1.

Xu M, et al. (2024) The thymocyte-specific RNA-binding protein Arpp21 provides TCR repertoire diversity by binding to the 3'-UTR and promoting Rag1 mRNA expression. *Nature communications*, 15(1), 2194.

Cao S, et al. (2024) The IRE1 α /XBP1 pathway sustains cytokine responses of group 3 innate lymphoid cells in inflammatory bowel disease. *The Journal of clinical investigation*, 134(13).

Babushku T, et al. (2024) Notch2 controls developmental fate choices between germinal center and marginal zone B cells upon immunization. *Nature communications*, 15(1), 1960.

Gurri S, et al. (2023) NRF3 suppresses squamous carcinogenesis, involving the unfolded protein response regulator HSPA5. *EMBO molecular medicine*, 15(11), e17761.

Guo H, et al. (2023) DNA hypomethylation silences anti-tumor immune genes in early prostate cancer and CTCs. *Cell*, 186(13), 2765.

Tanwar A, et al. (2023) Synergistic regulation of Notch signaling by different O-glycans promotes hematopoiesis. *Frontiers in immunology*, 14, 1097332.

Heieis GA, et al. (2023) Metabolic heterogeneity of tissue-resident macrophages in homeostasis and during helminth infection. *Nature communications*, 14(1), 5627.

Sun H, et al. (2023) IL-2 can signal via chemokine receptors to promote regulatory T cells' suppressive function. *Cell reports*, 42(8), 112996.

Smith AS, et al. (2022) B cells imprint adoptively transferred CD8+ T cells with enhanced tumor immunity. *Journal for immunotherapy of cancer*, 10(1).

Shi Z, et al. (2022) Loss of H2R Signaling Disrupts Neutrophil Homeostasis and Promotes Inflammation-Associated Colonic Tumorigenesis in Mice. *Cellular and molecular gastroenterology and hepatology*, 13(3), 717.
