MITE-Hunter

RRID:SCR_020946

Type: Tool

Proper Citation

MITE-Hunter (RRID:SCR_020946)

Resource Information

URL: <https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3001096/>

Proper Citation: MITE-Hunter (RRID:SCR_020946)

Description: Software pipeline to identify MITEs as well as other small Class 2 non autonomous Transposable Elements from genomic DNA data sets. Used for discovering miniature inverted repeat transposable elements from genomic sequences. Can search large genomic data sets including whole genome sequences.

Synonyms: Miniature Inverted repeat Transposable Elements Hunter

Resource Type: data processing software, data analysis software, software resource, sequence analysis software, software application

Defining Citation: [PMID:20880995](#)

Keywords: Class 2 non-autonomous transposable element, genes non-coding regions, genome evolution, coding sequence, genomic DNA data sets,

Funding: NSF 0607123

Availability: Free, Available for download, Freely available

Resource Name: MITE-Hunter

Resource ID: SCR_020946

Alternate URLs: <https://github.com/jburnette/MITE-Hunter>

Record Creation Time: 20220129T080353+0000

Record Last Update: 20260805T044441+0000

Ratings and Alerts

No rating or validation information has been found for MITE-Hunter.

No alerts have been found for MITE-Hunter.
