Description: Web tool for calculations for Mendelian Randomization. Power calculations for Mendelian Randomization. Used to calculate statistical power for Mendelian Randomization study, using Non Centrality Parameter based approach.

Resource Type: data access protocol, software resource, web service

Defining Citation: [PMID:24159078](#)

Keywords: calculations for Mendelian Randomization, Mendelian Randomization, calculate statistical power, Mendelian Randomization study, Non Centrality Parameter

Funding: Wellcome Trust ;
Leducq Foundation ;
Australian National Health and Medical Research Council ;
EU 7th Framework Programme

Availability: Free, Freely available

Resource Name: mRnd
