Proper Citation: Heartbeat Medical Solutions GmbH (RRID:SCR_022527)

Description: Provider of measurement and analysis of Patient Reported Outcomes and their linkage to clinical data. By embedding resulting insights into individual treatments and care management, enables Value based Healthcare initiatives. Software company works from Berlin, Cologne and London on product development and supports centers, registries and research projects. Patient-Reported Outcomes are collected directly from patients in form of standardized questionnaires and provide insights into treatment effects and health related quality of life. Automatically linked with clinical observations, data based decision making basis is created for medical, therapeutic, and economic issues.

Resource Type: commercial organization

Keywords: Software company, Patient Reported Outcomes provider, linkage to clinical data, clinical observations
