Proper Citation: Nationwide Children's Hospital Abigail Wexner Research Institute Biopathology Center Core Facility (RRID:SCR_023260)

Description: Provides services related to biospecimen procurement, banking, processing, and distribution. Housed biospecimen collections are from biorepositories of National Cancer Institute funded Children's Oncology Group, NRG Oncology-Columbus (formerly the GOG Tissue Bank), SWOG, Pediatric Division of Cooperative Human Tissue Network, and Biospecimen Core Resource of Center for Cancer Genomics, as well as numerous biospecimen collections sponsored by funded NCH investigators. Cooperative Human Tissue Network is one of six institutions funded by National Cancer Institutes to access to remnant human tissues for biomedical researchers throughout the United States and Canada. Offers expertise in tissue preparation and preservation to meet the research needs of basic and applied scientists.

Abbreviations: CHTN

Resource Type: access service resource, core facility, service resource

Keywords: Cooperative Human Tissue Network, biospecimen procurement, biospecimen banking, biospecimen processing, biospecimen distribution.

Funding: NCI UM1CA239754

Availability: Open
