Description: Leading collaborative interdisciplinary organization that advances research, education, and training in quantum science and engineering. Helps to unify and promote research in quantum science and engineering in the Pittsburgh area. PQI members have faculty appointments from Carnegie Mellon University, Duquesne University, and the University of Pittsburgh in physics, chemistry, and engineering disciplines. Connects with team based science initiatives and shared facilities. Resources and Facilities for Quantum Research include Carnegie Mellon Nanofabrication Facility, Center for Research Computing, Gertrude E. and John M. Petersen Institute of NanoScience and Engineering (PINSE), Materials Characterization Facility, Pittsburgh Supercomputing Center, QCFC (Quantum Computing/Computational Fluid Dynamics).
