Resource Information

URL: <https://tcmsp-e.com/tcmssp.php>

Proper Citation: Traditional Chinese Medicine Systems Pharmacology Database and Analysis Platform (RRID:SCR_023757)

Description: Pharmacology platform of Chinese herbal medicines that captures relationships between drugs, targets and diseases. Database includes chemicals, targets and drug-target networks, and associated drug-target-disease networks, as well as pharmacokinetic properties for natural compounds involving oral bioavailability, drug-likeness, intestinal epithelial permeability, blood-brain-barrier, aqueous solubility.

Abbreviations: TCMSP

Synonyms: TCMSP database

Resource Type: database, data or information resource

Defining Citation: [PMID:24735618](#)

Keywords: Pharmacology platform, Chinese herbal medicines, drugs, targets and diseases, drug-target networks, natural compounds, pharmacokinetic properties,

Funding: National Natural Science Foundation of China

Availability: Free, Freely available

Resource Name: Traditional Chinese Medicine Systems Pharmacology Database and Analysis Platform

Resource ID: SCR_023757

Alternate URLs: <https://tcmsp-e.com/>

Record Creation Time: 20230708T050227+0000

Record Last Update: 20260805T044520+0000

Ratings and Alerts

No rating or validation information has been found for Traditional Chinese Medicine Systems Pharmacology Database and Analysis Platform.

No alerts have been found for Traditional Chinese Medicine Systems Pharmacology Database and Analysis Platform.
