tigger

RRID:SCR_024310

Type: Tool

Proper Citation

tigger (RRID:SCR_024310)

Resource Information

URL: <https://cran.r-project.org/package=tigger>

Proper Citation: tigger (RRID:SCR_024310)

Description: Software R package infers V genotype of individual from immunoglobulin repertoire sequencing data like AIRR-Seq, Rep-Seq. Includes detection of any novel alleles. This information is then used to correct existing V allele calls from among sample sequences.

Resource Type: software resource, software toolkit

Keywords: infer V genotype of individual, immunoglobulin repertoire sequencing data, AIRR-Seq, Rep-Seq, detection of novel alleles, correct existing V allele calls, sample sequences,

Availability: Free, Available for download, Freely available,

Resource Name: tigger

Resource ID: SCR_024310

Alternate IDs: OMICS_07533

Alternate URLs: <https://sources.debian.org/src/r-cran-tigger/>

License: AGPL-3

Record Creation Time: 20230830T050217+0000

Record Last Update: 20260801T190901+0000

Ratings and Alerts

No rating or validation information has been found for tigger.

No alerts have been found for tigger.
