Proper Citation: PRICISION X-Ray: X-Rad320 irradiator (RRID:SCR_026275)

Description: Self-contained X-ray system for delivering precise radiation dosage to specimens in biological or small animal research laboratory. The shielded cabinet includes Adjustable Specimen Shelf, Sample Viewing Window and Beam Hardening Filter Holder. TouchRAD Control Panel is multi-user, password protected touch screen interface with transportable database that can track individual system usage. Passwords, programmed exposure settings, and database management are controlled by super-user. X-ray tube is used specifically for radiation therapy having highly homogenous beam. Options available include: Dose Measurement & Control, Motorized Specimen Shelf, Turntable, Fixed Beam Collimators, Adjustable Collimator, and Specimen Holding Fixtures.

Synonyms: , X-Rad320 irradiator

Resource Type: instrument resource

Keywords: irradiation, precise radiation dosage to specimens, biological or small animal research laboratory,

Specification URL: https://raw.githubusercontent.com/SciCrunch/RRID-Instruments/main/PDF/SCR_026275.pdf

Resource Name: PRICISION X-Ray: X-Rad320 irradiator

Resource ID: SCR_026275

Alternate IDs: Model_Number_X-Rad320

Record Creation Time: 20250111T053334+0000

Record Last Update: 20260801T191335+0000

Ratings and Alerts

No rating or validation information has been found for PRICISION X-Ray: X-Rad320 irradiator.

No alerts have been found for PRICISION X-Ray: X-Rad320 irradiator.
