Proper Citation: Leica: M80 Stereomicroscope (RRID:SCR_027099)

Description: Leica M80 is modular, ergonomic zoom stereomicroscope designed for range of routine applications in life sciences and industrial settings. It features 8:1 zoom range, providing continuous zoom from 7.5x to 60x, and is known for its high resolution, large field of view, and increased depth of focus. M80 is particularly well-suited for tasks like inspection, photography, and measurement of samples such as circuit boards, hairs, fibers, and biological tissues.

Synonyms: M80 Stereomicroscope

Resource Type: instrument resource

Keywords: zoom stereomicroscope, routine applications,
