Bioage

RRID:SCR_027788

Type: Tool

Proper Citation

Bioage (RRID:SCR_027788)

Resource Information

URL: <https://github.com/dayoonkwon/BioAge>

Proper Citation: Bioage (RRID:SCR_027788)

Description: Software R package uses published biomarker algorithms to calculate three biological aging measures: Klemmera-Doubal Method (KDM) biological age, phenotypic age, and homeostatic dysregulation. Used to quantify biological aging based on analysis of chronological age and mortality risk.

Resource Type: software resource, software toolkit, source code

Defining Citation: [PMID:34725754](#)

Keywords: Biological age calculations, Klemmera-Doubal Method, biological age, phenotypic age, homeostatic dysregulation, quantify biological aging, analysis of chronological age, mortality risk,

Funding: NIA R01 AG061378;
NIA R01 AG066887

Availability: Free, Available for download, Freely available

Resource Name: Bioage

Resource ID: SCR_027788

License: GNU GPL v3

Record Creation Time: 20251216T055148+0000

Record Last Update: 20260805T044617+0000

Ratings and Alerts

No rating or validation information has been found for Bioage.

No alerts have been found for Bioage.
