Proper Citation: My Wellness Research (RRID:SCR_028498)

Description: HIPAA-compliant digital platform developed by the Sylvester Comprehensive Cancer Center at the University of Miami. It is used to manage clinical trials, monitor patient symptoms at home, and deliver personalized lifestyle medicine interventions. Used to conduct studies with improved protocol adherence and data collection practices, as well as participant outreach and communication. MWR enables real time, bidirectional calling and messaging, behavioral intervention delivery, remote monitoring, and electronic patient reported outcome (ePROs) data collection.

Synonyms: My Wellness Research (MWR)

Resource Type: data access protocol, software resource, data or information resource, web service

Keywords: conduct research studies, protocol adherence, data collection, bidirectional calling and messaging, behavioral intervention delivery, remote monitoring, electronic patient reported outcome, patient data collection,
