Resource Information

URL: <http://www.chip.org/>

Proper Citation: Children's Hospital Informatics Program (RRID:SCR_000870)

Description: An applied research and education program at Children's Hospital in Boston. The program focuses on work done at the intersection of information science, health care and biomedical discovery. The field is inherently interdisciplinary, drawing on traditional biomedical disciplines, the science and technology of computing, data science, biostatistics, epidemiology, decision sciences, population health, omics, implementation science, and health care policy and management. This program's faculty are trained in medicine, data science, computer science, mathematics and epidemiology.

Abbreviations: CHIP

Synonyms: Harvard Children's Hospital Informatics Program

Resource Type: group

Keywords: harvard, children, hospital, informatics, research, biomedical, health, public health, personalized medicine, functional genomics

Resource Name: Children's Hospital Informatics Program
