Proper Citation: Current Controlled Trials (RRID:SCR_002325)

Description: Free-to-view clinical trials register of clinical trials worldwide, it allows users to search, register and share information about randomized controlled trials. Publication services are also available via the range of open access peer-reviewed journals published by BioMed Central. Current Controlled Trials is run by an editorial and technical in-house team. It receives advice from an international Advisory Group, including academics, doctors and health care specialists of international renown. The Advisory Group provides valuable guidance on the current activities and possible new directions of Current Controlled Trials' two databases, the metaRegister of Controlled Trials (mRCT) and the International Standard Randomised Controlled Trial Number (ISRCTN) scheme.

Abbreviations: CCT

Synonyms: Current Controlled Trials Ltd

Resource Type: storage service resource, data repository, service resource, database, data or information resource

Keywords: controlled trial, health, public health, science, trial, randomized controlled trial, clinical trial, FASEB list

Funding: Science Navigation Group ;
European Union ;
administrative fee

Availability: Free and open access

Resource Name: Current Controlled Trials

Resource ID: SCR_002325

Alternate IDs: nif-0000-21104
