Proper Citation: ExplorEnz (RRID:SCR_002665)

Description: Enzyme database developed as a way to access the data of the IUBMB Enzyme Nomenclature List. The data, which are stored in a MySQL database, preserve the formatting of chemical names according to IUPAC standards. A simple, easy to use, web-based query interface is provided (Search), along with an advanced search engine for more complex queries (Advanced Search). Forms are provided to submit suggestions for new enzyme entries or to report errors in existing entries. Downloads of the database are available via FTP as SQL or XML.

Abbreviations: ExplorEnz

Synonyms: ExplorEnz - The Enzyme Database, ExplorEnz Database, ExplorEnz- The Enzyme Database

Resource Type: data or information resource, data repository, database, service resource, storage service resource

Defining Citation: [PMID:18776214](#), [PMID:17662133](#)

Keywords: enzyme, enzyme nomenclature, nomenclature

Funding: Science Foundation Ireland SFI 02/IN.1/B043-Tipton

Availability: Free, Available for download, Freely available

Resource Name: ExplorEnz

Resource ID: SCR_002665

Alternate IDs: nif-0000-02827
