## Advanced Neuroscience Imaging Research Laboratory Software Packages

RRID:SCR\_002926

Type: Tool

### Proper Citation

Advanced Neuroscience Imaging Research Laboratory Software Packages  
(RRID:SCR\_002926)

### Resource Information

**URL:** <http://www.fmri.wfubmc.edu/cms/software>

**Proper Citation:** Advanced Neuroscience Imaging Research Laboratory Software Packages (RRID:SCR\_002926)

**Description:** Research group based in the Department of Radiology of Wake Forest University School of Medicine devoted to the application of novel image analysis methods to research studies. The ANSIR lab also maintains a fully-automated functional and structural image processing pipeline supporting the image storage and analysis needs of a variety of scientists and imaging studies at Wake Forest. Software packages and toolkits are currently available for download from the ANSIR Laboratory, including: WFU Biological Parametric Mapping Toolbox, WFU\_PickAtlas, and Adaptive Staircase Procedure for E-Prime.

**Abbreviations:** ANSIR Software

**Synonyms:** Advanced Neuroscience Imaging Research Software, ANSIR Laboratory Software Packages

**Resource Type:** software toolkit, software resource

**Keywords:** multimodal, image, analysis, biological, parametric, mapping, voxel, linear, model, regressor, software, matlab, visualization, statistical, inference, in vivo, brain imaging, brain

**Funding:** NIBIB R01EB004673;  
NIBIB 1R03EB008670

**Availability:** THIS RESOURCE IS NO LONGER IN SERVICE

**Resource Name:** Advanced Neuroscience Imaging Research Laboratory Software Packages

**Resource ID:** SCR\_002926

**Alternate IDs:** nif-0000-30033

**License:** Public, Free, Software contains license agreement

**Record Creation Time:** 20220129T080216+0000

**Record Last Update:** 20260803T040348+0000

---

## Ratings and Alerts

No rating or validation information has been found for Advanced Neuroscience Imaging Research Laboratory Software Packages.

No alerts have been found for Advanced Neuroscience Imaging Research Laboratory Software Packages.
