### Resource Information

**URL:** <http://www.cbs.dtu.dk/databases/NESbase>

**Proper Citation:** NESbase (RRID:SCR\_003268)

**Description:** Database of proteins in which the presence of Leucine-rich nuclear export signal (NES) has been experimentally verified. It is curated from literature. Each NESbase entry contains information of whether NES was shown to be necessary and/or sufficient for export, and whether the export was shown to be mediated by the export receptor CRM1. The compiled information was used to make a sequence logo of the Leucine-rich NESs, displaying the conservation of amino acids within a window of 25 residues. Error reports and submissions of new data are most welcome!

**Abbreviations:** NESbase

**Resource Type:** data repository, data or information resource, database, storage service resource, service resource

**Defining Citation:** [PMID:12520031](#)

**Keywords:** nuclear export signal, protein, leucine

**Funding:** Danish National Research Foundation ;  
John and Birthe Meyer Foundation

**Availability:** Free, Available for download, Freely available

**Resource Name:** NESbase

**Resource ID:** SCR\_003268

**Alternate IDs:** nif-0000-03188

**Alternate URLs:** <https://services.healthtech.dtu.dk/datasets/NESbase-1.0/>

**Record Creation Time:** 20220129T080218+0000

**Record Last Update:** 20260804T043217+0000

---

## Ratings and Alerts

No rating or validation information has been found for NESbase.

No alerts have been found for NESbase.
