Description: Non-profit biomedical research organization developing predictors of disease and accelerating health research through creation of open systems, incentives, and standards. Formed to coordinate and link academic and commercial biomedical researchers through Commons that represents new paradigm for genomics intellectual property, researcher cooperation, and contributor evolved resources.

Resource Type: nonprofit organization

Keywords: bionetwork, medical, research, human, treatment, disease, biological, biomedical, genomic, development, diagnostic, therapeutic, molecular, meta-data, model, clinical, bioinformatics, drug, consortium, data sharing, software

Availability: Free, Freely available

Resource Name: Sage Bionetworks

Resource ID: SCR_003384

Alternate IDs: Wikidata: Q891621, nif-0000-32903, grid.430406.5, SCR_004425, ISNI: 0000 0004 6023 5303, nlx_42820
