Proper Citation: Loyola University Department of Molecular Pharmacology and Experimental Therapeutics (RRID:SCR_003400)

Description: Department committed to excellence in teaching and research offering degrees leading to Ph.D., M.S., M.D./Ph.D. and M.S./M.B.A. The commitment to teaching is exemplified by the innovative courses and programs that the department has developed, as well as a departmental emphasis on fostering student-faculty interactions. The department offers Summer Undergraduate Research Opportunities and Postdoctoral positions. Research in Pharmacology encompasses the understanding, prevention and treatment of human disease, and therefore is at the forefront in creating innovative therapeutic interventions to improve the human condition. Research interests of the Departmental faculty include Neuroscience, Cardiovascular, Hematology and Oncology.

Abbreviations: LUC Department of Pharmacology, LUMC Department of Pharmacology

Synonyms: LUC SSOM Department of Molecular Pharmacology and Experimental Therapeutics, Loyola University Chicago Stritch SOM Department of Pharmacology and Experimental Therapeutics, Loyola University Chicago Stritch SOM Dept. of Pharmacology and Experimental Therapeutics, LUC SSOM Department of Pharmacology, Loyola University Medical Center Department of Pharmacology, Loyola Stritch SOM Dept. of Pharmacology and Experimental Therapeutics, Loyola University Chicago Stritch School of Medicine Department of Molecular Pharmacology and Experimental Therapeutics, Loyola University Medical Center Department of Molecular Pharmacology and Experimental Therapeutics

Resource Type: department portal, organization portal, data or information resource, portal

Keywords: pharmacology, therapeutics, neuroscience, cardiovascular, hematology, oncology

Availability: Free, Freely available

Resource Name: Loyola University Department of Molecular Pharmacology and Experimental Therapeutics
