Type: Tool

Proper Citation

FigShare (RRID:SCR_004328)

Resource Information

URL: <http://figshare.com/>

Proper Citation: FigShare (RRID:SCR_004328)

Description: Repository for all data, figures, theses, publications, posters, presentations, filesets, videos, datasets, negative data in a citable, shareable and discoverable manner with Digital Object Identifiers. Allows to upload any file format to be made visualisable in the browser so that figures, datasets, media, papers, posters, presentations and filesets can be disseminated in a way that the current scholarly publishing model does not allow. Features integration with ORCID, Symplectic Elements, can import items from Github and is a source tracked by Altmetric.com. Figshare gives users unlimited public space and 1GB of private storage space for free. Data are digitally preserved by CLOCKSS. Supported by Digital Science, a division of Macmillan Publishers Limited, as a community-based, open science project that retains its autonomy.

Abbreviations: figshare

Synonyms: Fig share, Figshare

Resource Type: data or information resource, data repository, database, service resource, storage service resource

Keywords: collection, repository, figure, theses, publication, poster, presentation, fileset, dataset, video, negative, data, FASEB list

Funding: Digital Science

Availability: Free with charges for advance features, Available for download, Freely available

Resource Name: FigShare

Resource ID: SCR_004328

Alternate IDs: DOI:10.17616/R3PK5R, DOI:10.6084, r3d100010066, nlx_34569, DOI:10.25504/FAIRsharing.drtwnh
