Proper Citation: Biostor Ireland (RRID:SCR_004428)

Description: To meet the strategic objectives of ongoing and future scientific and medical research, Biostor Ireland designed and constructed a technologically advanced repository for storage and distribution of biological materials. It offers secure, certified realtime biostorage of valuable biological materials for medical / scientific research, healthcare, medical device, pharmaceutical and biopharmaceutical sectors. This facility has been inspected by the Irish Medicines Board (IMB) and complies with the requirements of the EU Directive 2004/23/EU for storage and distribution of Human Tissues and Cells. Biostor also complies with the principals of current Good Manufacturing Practice (GMP), FDA requirements 21 CFR Part 1271 and ISBER (International Society of Biological and Environmental Repositories) Best Practices for Repositories. Outsourcing biostorage makes sense * Increase Workspace * Reduce Storage Costs * Peace of Mind * Expand your Business * Reduce Labor Costs * Uniform Maintenance * Improve Productivity * Tailored Storage * Delegate

Abbreviations: Biostor Ireland

Resource Type: storage service resource, service resource, material storage repository

Keywords: tissue, cell, frozen, liquid nitrogen, ambient, refrigerated, cryopreserved

Resource Name: Biostor Ireland

Resource ID: SCR_004428

Alternate IDs: nlx_42920

Record Creation Time: 20220129T080224+0000

Record Last Update: 20260806T054402+0000
