Genetic Testing Registry

RRID:SCR_005565

Type: Tool

Proper Citation

Genetic Testing Registry (RRID:SCR_005565)

Resource Information

URL: <http://www.ncbi.nlm.nih.gov/gtr/>

Proper Citation: Genetic Testing Registry (RRID:SCR_005565)

Description: Central location for voluntary submission of genetic test information by providers including the test's purpose, methodology, validity, evidence of the test's usefulness, and laboratory contacts and credentials. GTR aims to advance the public health and research into the genetic basis of health and disease. GTR is accepting registration of clinical tests for Mendelian disorders, complex tests and arrays, and pharmacogenetic tests. These tests may include multiple methods and may include multiple major method categories such as biochemical, cytogenetic, and molecular tests. GTR is not currently accepting registration of tests for somatic disorders, research tests or direct-to-consumer tests.

Abbreviations: GTR

Synonyms: NIH Genetic Testing Registry, GTR: Genetic Testing Registry

Resource Type: data or information resource, data repository, storage service resource, database, service resource

Keywords: genetic, gene, clinical, genetic test, condition, phenotype, disease name, trait, drug, protein, analyte, disease, laboratory, molecular, clinical, genetics, people

Availability: The community can contribute to this resource

Resource Name: Genetic Testing Registry

Resource ID: SCR_005565

Alternate IDs: nlx_144654, OMICS_01541

Record Creation Time: 20220129T080231+0000

Record Last Update: 20260801T190256+0000

Ratings and Alerts

No rating or validation information has been found for Genetic Testing Registry.

No alerts have been found for Genetic Testing Registry.
