ProSci

RRID:SCR_006609

Type: Tool

Proper Citation

ProSci (RRID:SCR_006609)

Resource Information

URL: <http://www.prosci-inc.com/>

Proper Citation: ProSci (RRID:SCR_006609)

Description: An Antibody supplier

Synonyms: ProSci Incorporated, ProSci Inc

Resource Type: commercial organization

Resource Name: ProSci

Resource ID: SCR_006609

Alternate IDs: nlx_152435

Record Creation Time: 20220129T080237+0000

Record Last Update: 20260801T190310+0000

Ratings and Alerts

No rating or validation information has been found for ProSci.

No alerts have been found for ProSci.

Usage and Citation Metrics

We found 808 mentions in open access literature.

Listed below are recent publications. The full list is available at [RRID](#) .

Beavis AC, et al. (2025) Efficacy of parainfluenza virus 5 (PIV5)-vectored intranasal COVID-19 vaccine as a single dose primer and booster against SARS-CoV-2 variants. *Journal of virology*, 99(4), e0198924.

Courjaret RJ, et al. (2025) Ca²⁺ tunneling architecture and function are important for secretion. *The Journal of cell biology*, 224(1).

Chen S, et al. (2025) Gene therapy for ocular hypertension using hfCas13d-mediated mRNA targeting. *PNAS nexus*, 4(6), pgaf168.

Thirunavukkarasu M, et al. (2025) Stabilization of Transcription Factor, HIF-1?? by Prolylhydroxylase 1 Knockout Reduces Cardiac Injury After Myocardial Infarction in Mice. *Cells*, 14(6).

Yang M, et al. (2025) GPX4 Promotes Optic Nerve Regeneration and RGC Neuroprotection. *bioRxiv : the preprint server for biology*.

Song C, et al. (2025) KMT2D/ZNF460-induced COL9A1-mediated extracellular matrix stiffness maintains the cancer stem cell pool to promote colorectal cancer progression. *Cell biology and toxicology*, 41(1), 111.

Beavis AC, et al. (2025) A parainfluenza virus 5 (PIV5)-vectored intranasal SARS-CoV-2 vaccine (CVXGA1) elicits protective and long-lasting immunity in nonhuman primates. *Journal of virology*, 99(4), e0199024.

Schiefermeier-Mach N, et al. (2025) Biological boundary conditions regulate the internalization of *Aspergillus fumigatus* conidia by alveolar cells. *Frontiers in cellular and infection microbiology*, 15, 1515779.

Yeganegi A, et al. (2025) Sensitivity Analysis to Isolate the Effects of Proteases and Protease Inhibitors on Extracellular Matrix Turnover. *bioRxiv : the preprint server for biology*.

Amusan OT, et al. (2025) RIPK1 is required for ZBP1-driven necroptosis in human cells. *PLoS biology*, 23(2), e3002845.

Jadhav P, et al. (2025) Design of quinoline SARS-CoV-2 papain-like protease inhibitors as oral antiviral drug candidates. *Nature communications*, 16(1), 1604.

Li Y, et al. (2025) ERK1-mediated GLYCTK2 phosphorylation promotes fructolysis to sustain glioblastoma survival under glucose deprivation. *Cell death discovery*, 11(1), 266.

McColl KS, et al. (2025) Identification of HEPACAM2 as a novel and specific marker of small cell carcinoma. *Cancer*, 131(1), e35557.

Kim BJ, et al. (2025) FDA-approved phensuximide inhibits RIPK1-dependent immunogenic cell death. *Cell death & disease*, 16(1), 426.

Zhao F, et al. (2025) Engineered PD-L1 co-expression in PD-1 knockout and MAGE-C2-targeting TCR-T cells augments the cytotoxic efficacy toward target cancer cells. *Scientific reports*, 15(1), 11894.

Prindle V, et al. (2025) Synthetic lethality of mRNA quality control complexes in cancer. *Nature*, 638(8052), 1095.

Poulsen K, et al. (2025) Nonclinical study of ixo-vec gene therapy for nAMD supports efficacy for a human dose of 6E10 vg/eye and staggered dosing of fellow eyes. *Molecular therapy. Methods & clinical development*, 33(1), 101430.

Sun Z, et al. (2025) Cooperation of TRADD- and RIPK1-dependent cell death pathways in maintaining intestinal homeostasis. *Nature communications*, 16(1), 1890.

Weiss S, et al. (2025) Post-transfusion activation of coagulation pathways during severe COVID-19 correlates with COVID-19 convalescent plasma antibody profiles. *The Journal of clinical investigation*, 135(6).

Chen Y, et al. (2025) RAB5 is a host dependency factor for the generation of SARS-CoV-2 replication organelles. *mBio*, 16(5), e0331424.
