## American Heart Association

RRID:SCR\_007210

Type: Tool

---

### Proper Citation

American Heart Association (RRID:SCR\_007210)

---

### Resource Information

**URL:** <http://www.americanheart.org/>

**Proper Citation:** American Heart Association (RRID:SCR\_007210)

**Description:** The American Heart Association (AHA) publishes medical scientific statements on various cardiovascular disease and stroke topics. AHA volunteer scientists and healthcare professionals write the papers. The statements are supported by scientific studies published in recognized journals and have a rigorous review and approval process. Scientific statements generally include a review of data available on a specific subject, an evaluation on its relationship to overall cardiovascular disease science, and often an American Heart Association position on the basis of that evaluation. The American Heart Association sponsors accredited scientific conferences and professional development seminars to disseminate new and emerging scientific knowledge and stimulate discussion on future research and the application of knowledge. Keywords: Heart, Cardiovascular, Disease, Stroke, Volunteer, Scientist, Healthcare, Development, Knowledge,

**Synonyms:** AHA

**Resource Type:** data or information resource, portal, topical portal, research forum portal, disease-related portal

**Resource Name:** American Heart Association

**Resource ID:** SCR\_007210

**Alternate IDs:** nif-0000-30095

**Record Creation Time:** 20220129T080240+0000

**Record Last Update:** 20260811T043304+0000

---

### Ratings and Alerts

No rating or validation information has been found for American Heart Association.

No alerts have been found for American Heart Association.
