Proper Citation: National Center for Microscopy and Imaging Research: SAGE (RRID:SCR 008069)

Description: A software resource which supports high-resolution, scalable, and collaborative scientific visual environments. Scalable Adaptive Graphical Environment is a graphics streaming architecture that allows users to treat high-resolution distributed displays as one contiguous desktop where users can move or resize application windows. It is designed specifically for Windows 32-bit environments and is network centric.

Synonyms: NCMIR SAGE, NCMIR Scalable Adaptive Graphical Environment

Resource Type: software resource, software application, data processing software, data visualization software

Keywords: software resource, visualization, cluster, high resolution, tiled display, graphics streaming architecture

Funding:

Availability: Gnu general public license

Resource Name: National Center for Microscopy and Imaging Research: SAGE

Resource ID: SCR_008069

Alternate IDs: nif-0000-10516

Record Creation Time: 20220129T080245+0000

Record Last Update: 20250521T061219+0000

Ratings and Alerts

No rating or validation information has been found for National Center for Microscopy and Imaging Research: SAGE.

No alerts have been found for National Center for Microscopy and Imaging Research: SAGE.
