Peroxisome Database

RRID:SCR_008352

Type: Tool

Proper Citation

Peroxisome Database (RRID:SCR_008352)

Resource Information

URL: <http://www.peroxisomedb.org/>

Proper Citation: Peroxisome Database (RRID:SCR_008352)

Description: The aim of the PEROXISOME database (PeroxisomeDB) is to gather, organize and integrate curated information on peroxisomal genes, their encoded proteins, their molecular function and metabolic pathway they belong to, and their related disorders. PeroxisomeDB contains the complete peroxisomal proteome of Homo sapiens (encoded by 85 genes) and Saccharomyces cerevisiae (encoded by 61 genes). Now, we have included 34 new organism genomes with the acquisition of 2426 new peroxisomal homolog proteins. PeroxisomeDB 2.0 integrates the peroxisomal metabolome of whole microbody family by the new incorporation of the glycosome proteomes of trypanosomatids and the glyoxysome proteome of Arabidopsis thaliana. The site also provides a Peroxisome Metabolome of peroxisomal genes and proteins, their molecular interactions and metabolic pathways, tools for comparative genomics, predictive tools. Sponsors: Peroxisome Database is funded by Institut de Gntique et deBiologie Molculaire et Cellulaire.

Synonyms: Preoisomedb

Resource Type: database, data or information resource

Keywords: family, function, gene, arabidopsis thaliana, disorder, genome, genomic, glycosome, glyoxysome, homolog, homo sapiens, interaction, metabolic, metabolome, microbody, molecular, organism, pathway, peroxisome, protein, proteome, saccharomyces cerevisiae, trypanosomatid

Resource Name: Peroxisome Database

Resource ID: SCR_008352

Alternate IDs: nif-0000-25216

Record Creation Time: 20220129T080247+0000

Record Last Update: 20260805T044206+0000

Ratings and Alerts

No rating or validation information has been found for Peroxisome Database.

No alerts have been found for Peroxisome Database.
