Proper Citation: Ensembl Fungi (RRID:SCR_008681)

Description: The Ensembl Genomes project produces genome databases for important species from across the taxonomic range, using the Ensembl software system. Five sites are now available, one of which is Ensembl Fungi, which houses fungal species.

Sponsors: EnsemblFungi is a project run by EMBL - EBI to maintain annotation on selected genomes, based on the software developed in the Ensembl project developed jointly by the EBI and the Wellcome Trust Sanger Institute.

Synonyms: EnsemblFungi

Resource Type: data or information resource, database

Keywords: fungus, database, genome, software, specie, taxonomic, FASEB list

Resource Name: Ensembl Fungi

Resource ID: SCR_008681
