Proper Citation: Database for Sharing Aging Research Models (RRID:SCR_008691)

Description: THIS RESOURCE IS NO LONGER IN SERVICE, documented on February 18, 2014.

A networking site for investigators using animal models to study aging, developed to provide a venue for sharing information about research models for aging studies. If you have tissue or data from animal models relevant to aging research that you are willing to share with other investigators, D-SARM allows you to identify the model and provides a secure, blinded email contact for investigators who would like to contact you about acquiring tissue or related resources. Investigators looking for resources from a particular model enter search terms describing the model of interest and then use the provided link to send emails to the contacts (names blinded) listed in the search results to initiate dialog about tissue or resources available for sharing. The database is housed on a secure server and admission to the network is moderated by the NIA Project Officer and limited to investigators at academic, government and non-profit research institutions. The goal is to provide a secure environment for sharing information about models used in aging research, promoting the sharing of resources, facilitating new research on aging in model systems, and increasing the return on the investment in research models.

Abbreviations: D-SARM

Synonyms: Database for Sharing Aging Research Models (D-SARM)

Resource Type: biomaterial supply resource, material resource

Keywords: data sharing, model, research, network, investigator, animal, tissue, data, animal model, non-human animal

Related Condition: Aging

Funding: NIA

Availability: THIS RESOURCE IS NO LONGER IN SERVICE

Resource Name: Database for Sharing Aging Research Models

Resource ID: SCR_008691

Alternate IDs: nif-0000-37063

Record Creation Time: 20220129T080248+0000

Record Last Update: 20260919T195756+0000

Ratings and Alerts

No rating or validation information has been found for Database for Sharing Aging Research Models.

No alerts have been found for Database for Sharing Aging Research Models.
