Beth Israel Deaconess Medical Center Electron Microscopy Core Facility

RRID:SCR_009667
Type: Tool

Proper Citation

Beth Israel Deaconess Medical Center Electron Microscopy Core Facility (RRID:SCR_009667)

Resource Information

URL: https://research.bidmc.org/em-core

Proper Citation: Beth Israel Deaconess Medical Center Electron Microscopy Core Facility (RRID:SCR_009667)

Description: Core provides service for grossing, tissue processing, tissue embedding, thick and thin sectioning, staining grids, and taking images of samples in the electron microscope. Training is available to use the electron microscope independently. For tissue processing, we also have training or service for high pressure freezing, freeze substitution, and tissue embedding. The core also has the expertise to do Advanced 3-D Focused Ion Beam/Scanning Electron Microscopy and 3-D segmentation and analysis on cells or tissues.

Synonyms: , BIDMC Electron Microscopy Core, Beth Israel Deaconess Medical Center BIDMC-Electron Microscopy Core

Resource Type: access service resource, core facility, service resource

Keywords: tissue embedding, tissue sectioning, staining, electron microscopy

Resource Name: Beth Israel Deaconess Medical Center Electron Microscopy Core Facility

Resource ID: SCR_009667

Alternate IDs: nlx_156125, ABRF_3090

Alternate URLs: https://coremarketplace.org/?FacilityID=3090&citation=1

Old URLs: http://harvard.eagle-i.net/i/0000012a-251a-44a6-5617-794280000000, http://bidmc.org/Research/CoreFacilities/ElectronMicroscopyCore.aspx,
